Lavandula Angustifolia 'Platinum Blonde'®

A special, variegated lavender, this Lavandula Platinum Blonde! The foliage is silver with a clear, yellow border. This combines very nicely with the bright blue flowers. Platinum Blonde flowers in summer and stays compact with its height of 40-50 cm and width of 50 cm. Lavandula Platinum Blonde likes a place in the sun in a dry, humus-rich, well-drained soil. Pruning after flowering and in the spring. An eye-catcher as a solitary on balcony or terrace but also very beautiful in mixed containers, as mass planting or in borders. Hardy to -22 ºC.
