

Rosmarinus officinalis 'Gorizia'

Hailing from Gorizia in northeastern Italy, *Rosmarinus officinalis* 'Gorizia' features a striking upright habit, characterized by long, robust stems crowned with large, light blue flowers. Thriving in full sun, this evergreen variety is not only resilient but also requires minimal maintenance, making it a gardener's favorite. Renowned for its aromatic qualities, 'Gorizia' rosemary elevates culinary dishes with its fragrant marinades and dried herbs, while also adding a touch of elegance to any garden. Its vibrant blooms attract pollinators like bees, enriching the biodiversity of your outdoor space.
