

Vinca 'Mediterranean' Mix

A prostrate plant with shiny, green foliage. It has bright flowers that are up to 20% larger than other varieties, with the same overlapping petals, growing on more vigorous, basal-branching plant. The plant grows up to 10-15cm (4-6") tall and spreads to 50-76cm (20-30") wide. It is native to Madagascar.

Point of Sale:

As a trailing Vinca, the Mediterranean is the ideal choice for summer baskets and containers. A lush, free-flowering plant that blooms early in an extensive color range. Outstanding performance with vigorous basal branching and big, high-impact blooms even in sunny, hot and dry conditions.
